That Organ Trouble. There is trouble again about that organ. Mr. Howard Hinkle as Secretary of the Organ Association in reply to letters from the managers of the two concerts, announces that the Association refuses to permit the organ to be used as the money is not yet paid over to cancel the organ debt. Until the legal matters are consummated the Organ Association continues in existence. is still, however, probable that the organ will be used. The main objection made is that it must be played by Mr. Whiting, and Mr. Lippert has a contract with Mr. Whiting to return and play, and he says he will enforce it. The organ will in all probabili-ty be played according to announcement. The public demand it and Mr. Howard Hinkle and his conductors will hardly dare

stand in the way.

The Last Popular Concert.

The People's Concert will be a great event with or without the organ. Mrs. Dexter, Mile.
